ANNUAL INDEX

Public Works

Volume/98

January/December 1967

Published by Public Works Publications

200 South Broad Street, Ridgewood, N. J. 07451

This Volume of PUBLIC WORKS is available on microfilm through University Microfilms, 300 North Zeeb Road, Ann Arbor, Mich. 48106

ANNUAL INDEX

PUBLIC WORKS INDEX

January-December 1967 • Volume 98

Month and page

HIGHWAYS AND STREETS

Bituminous Pavements

More Repaving for the Same Cost with Asbestos-Asphalt Mix ..... May—93
The Public Likes Slurry Seal ..... Jul.—76
New Paving Materials Benefit St. Louis Parks ..... Oct.—166
Cost Analysis Supports Use of Deep Strength Asphalt ..... Dec.—108

Bridges and Tunnels

Simplified Deck Fastening Reduces Costs and Delay ..... Jan.—106
County Road Commission Shows the Way..Feb.—80
A Bridge Problem—Shipping the Parts..Feb.—129
Cooperation Builds a Bridge ..... Mar.—110
Repair of Shrinkage Cracks in Bridge Slabs ..... Apr.—74
Intercity Bridge Requires Unusual Design ..... Apr.—106
Unique Step-Ramp Overpass Serves School ..... Apr.—136
Tunnel Crossing for an Interstate Highway ..... Jun.—88
Overpass Built With Minimum Loss of Useful Land ..... Jun.—143
Aluminum Expansion Joints Tested ..... Jul.—116
Warning System Anticipates Ice Formation ..... Aug.—138
Ventilation System for Boston's Prudential Tunnel ..... Aug.—148
Underpass Serves Downtown Loop System ..... Sep.—86
We Had to Have Another Bridge ..... Sep.—110
Bridge Raising Technique Reduces Detour Time ..... Sep.—130
Field Control Governs Quality of Concrete Pavement ..... Oct.—126
Dowager Bridge Wears Modern Dress..Nov.—106
Coal Tar Vapor Barrier Protects Bridge Decks ..... Dec.—124

Concrete Pavements

Slip-Form Paving Beats Jack Frost ..... Jan.—75
Durable Concrete for Pavements ..... Jul.—89
Oil Treatment Protects Concrete Against Scaling ..... Aug.—122
Construction of Durable Concrete Pavements ..... Sep.—94
Slab-Movement Tests Aid Joint Sealing Research ..... Nov.—78

Construction Methods

Pouring an "Impossible" Seawall Project ..... Jan.—124
Prefabricated Highway is Investigated..Mar.—149
Field Control Governs Quality of Concrete Pavement ..... Oct.—126
Synthetic Aggregates Can Serve Effectively in Modern Highways ..... Nov.—93

Design

All Highway Construction is Stage Construction ..... May—84
Planning Rest Areas for Esthetic Quality..May—86
Highway Building with Brush and Palette Knife ..... Jun.—126
Frost Problems in Highway Design in Norway ..... Jul.—101
Systems and the Public Works Engineer..Sep.—107
Highway Beauty and Function are Not Incompatible ..... Nov.—67

Equipment

City Yard Features Island Concept ..... Jan.—94
Truck Mounted Crane Has Many Jobs..Apr.—121
Skid Resistance Test Machine ..... May—94
Unique Machine Simplifies Fence Cleaning Chore ..... Jun.—155
Mechanizing for Maintenance with Fewer Personnel ..... Jul.—92
Rust-Proofing Municipal Vehicles ..... Jul.—124
Rubber Snowplow Blades Earn Endorsements ..... Aug.—98
Highway Department Tests Suppliers' Truck Scales ..... Oct.—142
What's New and Not So New in Maintenance Equipment ..... Nov.—79
Plowing and Loading Snow — One Machine Can Do Both ..... Nov.—98
High Water Table Complicates Truck Lift Installation ..... Dec.—140

Esthetics & Beautification

Roadside Rest Areas Set High Standards..Jan.—92
Nevada Initiates Junkyard Screening ..... Mar.—133
They're Doing Something Right! ..... Apr.—144
On the Streets Where We Live ..... Jun.—138
Public Betterment Spurs Neighborhood Improvement ..... Sep.—85
What is a Scenic Road? ..... Sep.—148
Highway Beautification—No Bed of Roses for the Maintenance Division..Oct.—140
Highway Beauty and Function Are Not Incompatible ..... Nov.—67

Finance, Legal and Planning

County Road Commission Shows the Way..Feb.—80
Two-Pronged Program for Sidewalk Construction ..... Mar.—112
Wisconsin's Highways of Tomorrow ..... Apr.—116
New Agency Improves Urban Road System ..... Jun.—122
On the Streets Where We Live ..... Jun.—138
A Policy for the Repair of Street Openings ..... Jul.—73
Impact of a Highway Improvement Program ..... Aug.—84
Utilities Service Center—Key to Efficiency ..... Oct.—119
A First: Turnpike Becomes Free Highway ..... Nov.—53
A County's Response to Growth and Congestion ..... Nov.—70
Fleet Safety Requires Trained, Alert Operators ..... Dec.—98
The Public Works Official and Pedestrian Safety ..... Dec.—101

Materials

Aluminum Coatings Protect Steel Fence..Feb.—126
Concrete Pilings Restored by Epoxy Crack Injection ..... Mar.—84
Median Guard Rail—Present and Future Benefits ..... Apr.—129
Color Coded Pavements for Traffic Safety ..... May—76
Preventing Deterioration of Concrete Sidewalks and Curbs ..... Aug.—116
Salt-Calcium Chloride Mix for Dust Control ..... Oct.—146
New Paving Materials Benefit St. Louis Parks ..... Oct.—166
Synthetic Aggregates Can Serve Effectively in Modern Highways ..... Nov.—93
Selected Surfacing Materials Can Make Highways Safer ..... Dec.—96

Maintenance Plans and Programs

Prescription for Safety: Sincere Consideration ..... Mar.—126
All Highway Construction is Stage Construction ..... May—84
Mechanizing for Maintenance with Fewer Personnel ..... Jul.—92
Pavement Evaluation Anticipates Maintenance Requirements ..... Oct.—113
Greeley—7468—2
Highway Beautification—No Bed of Roses for the Maintenance Division ..... Oct.—140

Parking

Innovations in a Downtown Parking Program ..... Feb.—118
Curb Parking is the Culprit ..... Mar.—104
A Present-Status Parking Control System ..... May—110
Central Reservoir Stores Cars As Well As Water ..... Jun.—116
Parking for a Redeveloped Urban Area..Aug.—105
Vault-Type Parking Meters Increased Revenues, Reduced Collection Costs ..... Sep.—91
State Regulates Parking Meter Installations ..... Nov.—124
Parking Lot Straddles Mountain Stream..Dec.—79

Safety

Public Protection at Street Openings ..... Jan.—60
Diversity of City Jobs Complicates Safety Program ..... Feb.—86
Prescription for Safety: Sincere Consideration ..... Mar.—126
Roadside Signs Moved Back in Safety Test ..... Apr.—74
Rumble Strip Experiments on a Freeway Ramp ..... Apr.—102
Median Guard Rail—Present and Future Benefits ..... Apr.—129
Color Coded Pavements for Traffic Safety ..... May—76
A New Concept in Highway Communications ..... May—102
Traffic Safety Lighting—Can We Afford It? ..... Jun.—145
Two Median Barrier Designs Result from Impact Tests ..... Aug.—146
A Boon to Motorists—Emergency Telephone System ..... Sep.—103
Lane-Defining Lights Tested at Toll Plaza ..... Nov.—84

Snow and Ice Control

Iowa County Improves Chemical Storage..Jan.—64
Winter Maintenance in the Laurentians—Expensive but Essential ..... Feb.—103
Heated Skid-Free Bridge Ramp ..... Jun.—160
Snow Melter Saves Money for Nation's Largest Town ..... Aug.—96
Rubber Snowplow Blades Earn Endorsements ..... Aug.—98
Pre-Winter Planning is Important ..... Aug.—103
Plowing Sidewalks for Pedestrian Safety ..... Aug.—133
Warning System Anticipates Ice Formation ..... Aug.—138
World's Longest Snowfighting Job ..... Sep.—92
Snow Fighting in a Small Town is Different ..... Oct.—132
Plowing and Loading Sonw—One Machine Can Do Both ..... Nov.—98

Stabilized Surface and Base

County Highway Rebuilt With Original Materials ..... May—109

Street Cleaning

Leaf Collection: A Growing Public Works Problem ..... Jul.—95
Street Cleaning Operation in Kenosha..Jul.—140
Lightweight Paper Bag Unit Replaces Old Street Cleaning System ..... Aug.—121
District of Columbia Modernizes Street Cleaning Efforts ..... Dec.—111

Street and Area Lighting

Good Lighting Reveals a Progressive City ..... Mar.—103
Traffic Safety Lighting—Can We Afford It? ..... Jun.—145
Street Lighting in Toledo ..... Sep.—118
Effective Toll Plaza Lighting ..... Oct.—122
Breakaway Pole Saves Lives ..... Oct.—158

Month and page

Surface Maintenance

Sealing Joints and Cracks ..... Jan.—81
Surface and Full-Depth Patching ..... Feb.—91
Slabjacking and Temporary Repairs ..... Mar.—114
More Repaving for the Same Cost with Asbestos-Asphalt Mix ..... May—93
Expressway Overpasses Resurfaced ..... May—120
A Policy for the Repair of Street Openings ..... Jul.—73
The Public Likes Slurry Seal ..... Jul.—76
Oil Treatment Protects Concrete Against Scaling ..... Aug.—122
Muskrats and Motorists: Serving Two Masters ..... Sep.—114
Sawing Makes the Best Street Openings ..... Nov.—82
Better Pavement Patching at Lower Cost ..... Dec.—76
Coal Tar Vapor Barrier Protects Bridge Decks ..... Dec.—124

Traffic Engineering

An Experimental Internally Illuminated Sign ..... Jan.—68
Applying the Computer's Potential in Traffic Control ..... Feb.—76
Curb Parking is the Culprit ..... Mar.—104
Rumble Strip Experiments on a Freeway Ramp ..... Apr.—102
Your New Traffic Engineer: Handle With Care ..... Jun.—172
Experiment with Travel Information Signs ..... Jun.—208
Planning for Special Event Traffic ..... Jul.—105
Improving Transit Operations Through Traffic Engineering ..... Sep.—82
Underpass Serves Downtown Loop System ..... Sep.—86
A County's Response to Growth and Congestion ..... Nov.—70
Relieving Freeway Congestion ..... Nov.—83

Traffic Operations

Public Protection at Street Openings ..... Jan.—60
Installing Raised Traffic Markers ..... Feb.—95
Ingenuity Plus a Use-It-Up, Wear-It-Out Policy Pays Dividends ..... Feb.—108
Traffic Trained Troopers ..... May—88
A New Concept in Highway Communications ..... May—102
Thermoplastic Markings Are Good Buy on Edens Expressway ..... Jun.—128
Improved Traffic Engineering in Saginaw ..... Jun.—146
Marking Tape Outlasts Paint ..... Jun.—164
Highway Sign Study Provides Meaningful Data ..... Aug.—127
Street Marking Production Is Stepped Up ..... Sep.—120
Big Street Name Signs for a Big City ..... Nov.—77
Lane-Defining Lights Tested at Toll Plaza ..... Nov.—84

Turf and Roadside Maintenance

Experiments With Roadside Weed Control ..... Apr.—100
Cutting Cost With Growth Retardants ..... May—105
Mechanizing for Maintenance with Fewer Personnel ..... Jul.—92
Highway Beautification—No Bed of Roses for the Maintenance Division ..... Oct.—140

Surveying Methods

Helicopter Speeds Bay Soundings ..... Jan.—102
Mapping Through Photogrammetry ..... Nov.—88

REFUSE COLLECTION AND DISPOSAL

Collection Methods

Refuse Container-Train Collection System Results in Savings ..... Feb.—74
Refuse and Litter Control in Recreational Areas ..... Apr.—126
Public Acceptance of Refuse Sack System Grows with Experience ..... Nov.—91

Month and page

Sanitary Fill

Today's Pride and Joy—Tomorrow's Refuse Problem ..... Jan.—65
Revamped Refuse Dump Draws Praise ..... Jan.—88
Counselling Service Guides Landfill Development ..... Feb.—136
Self-Supporting Landfill Helps Attract Industry ..... Mar.—116
Steel Wheel Dozer Improves Landfill Compaction ..... Apr.—115
Abandoned Strip Mines Studied for Solid Waste Disposal ..... May—74
Progress Report on Study of Percolation Through a Landfill ..... Dec.—86

Incineration

Incineration Inspection: What to Look For ..... May—133
Another Look at European Incineration Practices ..... Jul.—99
Low Cost Pit Incinerator Extends Life of Sanitary Landfill ..... Aug.—131

Other Disposal Methods

Shredder Reduces Solid Waste Volume ..... Oct.—168

Wastes Management

Today's Pride and Joy—Tomorrow's Refuse Problem ..... Jan.—65
Refuse Collection and Disposal in Arizona ..... Feb.—68
Nevada Initiates Junkyard Screening ..... Mar.—133
Planning for Urban Multi-Purpose Parks ..... May—78
Looking to the Future With a Regional Refuse Disposal Plan ..... Jun.—120
Maine Conservationists Aid Solid Waste Disposal ..... Jun.—141
Waste Collection and Disposal in Kansas ..... Sep.—68
Systems Analysis of Solid Waste Disposal Problems ..... Sep.—99
Examining Costs in Solid Waste Disposal ..... Oct.—134
Refuse Transfer Station Cuts Trips to Disposal Area ..... Nov.—72

SEWERAGE AND SEWAGE TREATMENT

Finance, Legal and Planning

Economic Considerations for Sanitary Sewers ..... Mar.—99
A Step Toward a County-Wide Sewerage System ..... Mar.—131
Three Cities Collaborate in Sewerage Project ..... Apr.—146
Per Capita Wastewater Contributions ..... May—81
An Interim Sewerage Plan ..... Jun.—118
Wastewater Treatment Facilities Span a River ..... Jun.—150
Special Fund Pays for Sewage Disposal System ..... Jul.—91
Soil Surveys in Subdivision Control ..... Aug.—108
Water Utility Concept Applied in Water Reuse ..... Oct.—110
Invention Protects Homes from Backwater Damage ..... Oct.—137
A Regional Pollution Abatement Program ..... Oct.—144
Primary Goal of ORSANCO Nears Achievement ..... Oct.—156
Connecticut's Longest Trunk Sewer—A Key to Pollution Control ..... Nov.—64
Sewage Treatment Program with an Eye to the Future ..... Nov.—96
Can Federal Grant Programs be Streamlined? ..... Nov.—122
Safety Program of Bureau of Sewers ..... Dec.—72
Safe Entry to Undeground Structures ..... Dec.—88
Construction Cost Requirements for Water and Wastewater ..... Dec.—112

Month and page

Sewer Systems—Construction

New Outfall Solves Infiltration Problems ..... Jan.—136
"Monster" Buids Deep Sewers Cheaper and Safer ..... Sep.—80
Florida Outfall Line Uses Wrought Iron ..... Sep.—132
Connecticut's Longest Trunk Sewer—A Key to Pollution Control ..... Nov.—64
Building a 96-Inch Cast-In-Place Conduit ..... Nov.—86
Low Pressure Air Testing of Sewers ..... Dec.—103

Sewer Systems—Design

Economic Considerations for Sanitary Sewers ..... Mar.—99
A Step Toward a County-Wide Sewerage System ..... Mar.—131
A Practical Approach to Submarine Outfall Calculations ..... May—95
Invention Protects Homes from Backwater Damage ..... Oct.—137
Connecticut's Longest Trunk Sewer—A Key to Pollution Control ..... Nov.—64
Infiltration and Sewer Foundations ..... Dec.—105

Sewer Systems—Maintenance

Epoxy Solves Hazardous Sewer Lining Problem ..... Jan.—126
Control of Sewer Root Problems with Copper Sulfate ..... Apr.—110
Sealing Process Resolves Infiltration Problem ..... Jul.—70
Preventive Maintenance Keeps Our Sewers at Design Capacity ..... Jul.—132
Unique Approach to a Routine Chore ..... Oct.—192
Safe Entry to Underground Structures ..... Dec.—88

Sewage Pumping

New Packing Solves Sludge Pump Problems ..... Sep.—96
Installing a Package Sewage Pumping Station ..... Sep.—138
Largest Factory-Built Sewage Pumping Station ..... Nov.—116

Storm Drainage

Akron Monitors Combined Sewer Overflows ..... Jan.—90
Storm Sewer Tunneling in Sandstone ..... Feb.—110
Building a 96-Inch Cast-In-Place Conduit ..... Nov.—86

Sewage Treatment—Design

Design Considerations for Biological Filters ..... Feb.—98
An Interim Sewerage Plan ..... Jun.—118
Wastewater Treatment Facilities Span a River ..... Jun.—150
Engineering Firm Opens Water Laboratory ..... Jun.—174
Prefabricated Filter Media Used for Heavy-Duty Installation ..... Jul.—126
Asphalt Lined Lagoons to Help End Pollution ..... Aug.—125
Environmental Planning for a Sewage Treatment Plant ..... Sep.—105
Waste Treatment Plant Adds Capacity ..... Sep.—112
Sewage Treatment Program with an Eye to the Future ..... Nov.—96

Sewage Treatment—Industrial Wastes

Pyro-Decomposition Destroys Oil Wastes ..... Jan.—118
Treatment of Plating Wastes ..... Mar.—84
Seepage Barriers Help Seal Abandoned Mine Shafts ..... Mar.—160
General Electric Accelerates Industrial Waste Control Efforts ..... Apr.—122
The Present Status of Phenol Waste Treatment ..... Jun.—124
Cheese Waste Disposal Studies ..... Nov.—120

Sewage Treatment—Operation and Maintenance

Compact Plant Wins Pollution Award ..... Feb.—130
Water and Wastewater Chemistry—Part 1 ..... Jun.—129
Part 2 ..... Jul.—78
Chicago's MSD Starts Chlorinating ..... Oct.—98

Month and page

Treatment Methods and Research

Removing LAS and ABS from Sewage....Jan.—86
Air Diffusion System Solves Increased Load Problem....Feb.—96
Design Considerations for Biological Filters....Feb.—98
Sludge Dewaterer Solves Space Problems....Mar.—123
Filtration of Activated Sludge Plant Effluent....Apr.—94
Unique Pollution Abatement Project....May—128
Lake Tahoe Advanced Waste Treatment..Jul.—130
Nitrogen Removal by Biological Treatment....Aug.—120
Clear Lake Clear Again....Aug.—150
Grease in Sewer Gives off Combustible Gas....Sep.—68
Water Utility Concept Applied in Water Reuse....Oct.—110
A New Look at Sludge Disposal....Oct.—176
Piping Liquid Sludge to Marginal Land..Oct.—194
Tertiary Treatment for Small Plants....Dec.—82
Proposed Activated Carbon Regeneration Process....Dec.—126

Instrumentation

Akron Monitors Combined Sewer Overflows....Jan.—90
Monitoring System Developed for Key U. S. Rivers....Feb.—68
Mobile Lab for Water Pollution Tests..Mar.—150
Improvised Car-Top Flashers Aid Sampling Program....Mar.—158
A Water Quality Monitor with Mobility..Aug.—118
River Sampling Expedited by New Boat..Oct.—202

WATER SUPPLY AND PURIFICATION

Finance, Legal and Planning

Rural Water System Built to High Standards....Feb.—106
New Plant Offers Flexibility....Mar.—96
Water for Texas — A Bold Plan....Mar.—106
New Computer Enhances Waterworks Accounting....Apr.—105
Regrouping Water Supplies in the United Kingdom....Jun.—153
New Target, Old War....Jul.—75
How We Converted to Liquid Caustic Feeding....Sep.—88
Utilities Service Center—Key to Efficiency....Oct.—119
How to Increase Water Revenues Without Raising Rates....Nov.—80
Water Distribution Systems Interlocked for Mutual Gain....Nov.—100
Can Federal Grant Programs be Streamlined?....Nov.—122
Construction Cost Requirements for Water and Wastewater....Dec.—112

Water Pumping

Standby Power for Pumping Stations....Jul.—66
Gas Engine Powered Pump Brings Savings....Sep.—98
Providing for a New Town's Future Water Needs....Sep.—140
Darkness May Strike, But Not Drought..Nov.—126

Reservoirs and Tanks

Esthetic Treatment of Water Storage Reservoirs....Mar.—124
Water Tanks Protected Against Almost Anything....May—136
Central Reservoir Stores Cars as Well as Water....Jun.—116
Prestressed Conical Water Tanks for Subsidence Areas....Nov.—132

Supply Lines and Distribution

Rural Water System Built to High Standards....Feb.—106
Carrying a Water Main Under a River..Mar.—173
Computer Analysis of Distribution Systems....Apr.—119
Low-Cost Corrosion Protection....May—107
A Water Miracle at Alexandria....Oct.—117
Utility Relocated On Overpass....Oct.—180
Control of Underground Leakage....Nov.—53
Water Distribution Systems Interlocked for Mutual Gain....Nov.—100

Month and page

Water Treatment—Design and Operation

Softening Capacity Doubled at Los Angeles Water Plant....Jan.—77
We Ventilate to Prevent Corrosion....Jan.—84
Keeping a Diatomite Filter Plant Dry....Feb.—88
New Plant Offers Flexibility....Mar.—96
Water and Wastewater Chemistry—
Part 1....Jun.—123
Part 2....Jul.—78
Heating the Chicago Central District Plant....Jun.—149
How We Converted to Liquid Caustic Feeding....Sep.—88
Systems and the Public Works Engineer..Sep.—107
Operating Problems at Chicago's Filtration Plant....Nov.—53
Experiences With Plastic Pipe....Dec.—84

Instrumentation

California Water Project Gets Electronic Controls....Apr.—152
A Water Quality Monitor with Mobility..Aug.—118
How to Increase Water Revenues Without Raising Rates....Nov.—80
Elbow Meter Measures Flow....Dec.—80

Treatment Methods and Research

Some Trends in Practical Water Desalination....Jan.—70
High Rate Water Treatment....Apr.—97
Factors Influencing Tastes and Odors to be Studied....May—152
Reverse Osmosis Through Hollow Fibers..Jul.—104
Ozonation at Whiting: 26 Years Later....Aug.—112
Key West Desalination Plant Goes on Stream....Oct.—129

Water Supply and Sources

Some Trends in Practical Water Desalination....Jan.—70
Surface Supply Supplements Well Source..Feb.—83
Packaged Desalination Plants Will Serve Oil Port....Feb.—94
Water for Texas—A Bold Plan....Mar.—106
Orange County to Combat Sea Water Intrusion....Apr.—158
Predicting Well Yield and Drawdown....May—89
Water Supply 100 Years Ago....Sep.—144
Water Utility Concept Applied in Water Reuse....Oct.—110
A Water Miracle at Alexandria....Oct.—117
Key West Desalination Plant Goes on Stream....Oct.—129
The Art of Divining—Scientifically....Dec.—134

AIR POLLUTION CONTROL

Low-Cost Stack Sampler....Apr.—74
New ASME Air Pollution Standards....Aug.—158
Clean Air is Everybody's Business....Aug.—164
Mobile Labs Will Expand Air Pollution Control Program....Oct.—194

ADMINISTRATION AND PLANNING

The Precedent Curve for Assessment in Depth....Jan.—62
Financial and Engineering Planning Should Be Coordinated....Jan.—73
Diversity of City Jobs Complicates Safety Program....Feb.—86
The Role of Bond Counsel in Public Financing....Feb.—90
Unusual Approach Finances Long-Awaited Pool....Mar.—117
Councils of Government Help Solve Urban Problems....Mar.—130
No Lost Time Accidents in 232 Years....May—104
Municipal Utility Headquarters Serve as Community Center....Jun.—200
Fact and Fallacy in Public Works Contracts....Aug.—176
How a City Stretches a Dollar....Sep.—146
Utilities Service Center—Key to Efficiency....Oct.—119

Month and page

Guaranteed Mileage Specification Results in Better Tires for Less Money....Oct.—124
Financing Water, Sewage and Solid Waste Disposal....Oct.—174
Can Federal Grant Programs be Streamlined?....Nov.—122
Training is the Magic Ingredient....Dec.—91
Safety Posters — The Constant Reminder....Dec.—94
Air Evacuation for Accident Victims....Dec.—97
Fleet Safety Requires Trained, Alert Operators....Dec.—98
Guaranteed Parts Cost Simplifies Budgeting....Dec.—107

AIRPORTS

A Development Plan for the Atlanta Airport....Nov.—73
Safety Grooves for an Airport....Dec.—72

MUNICIPAL POWER

Truck Mounted Crane Has Many Jobs....Apr.—121
Gas Engine Powered Pump Brings Savings....Sep.—98
Faults in Buried Cables Pinpointed Quickly....Dec.—118

INSECT CONTROL

Mosquito Eradication Program Triggers Cooperative Community Action....Aug.—100
Chemical Warfare Conquers Wasps....Aug.—160

PUBLIC HEALTH

Virus Removal from Secondary Effluent....Jul.—150
Mosquito Eradication Program Triggers Cooperative Community Action....Aug.—100
Soil Surveys in Subdivision Control....Aug.—108
Ventilation System for Boston's Prudential Tunnel....Aug.—148
USPHS Environmental Health Program Moved to Cincinnati....Sep.—154
Dusts and Fumes....Dec.—117

RECREATIONAL FACILITIES

Unusual Approach Finances Long-Awaited Pool....Mar.—117
Beach Sanitation Methods Reviewed....Mar.—119
Weed Control at a Recreational Lake..Mar.—176
Refuse and Litter Control in Recreational Areas....Apr.—126
Planning for Urban Multi-Purpose Parks..May—78

GENERAL AND MISCELLANEOUS

Videotape Recording Aids Construction..Mar.—108
Planning a Municipal Animal Shelter....Apr.—113
Plastic Conduits Simplify Construction..Jun.—148
Hydraulic Crane Moves Big Tank....Jul.—134
Driving Prestressed Concrete Piling Without Damage....Aug.—106
Plan Production Increased by Stick-Up Technique....Aug.—114
Systems and the Public Works Engineer..Sep.—107
Guaranteed Mileage Specification Results in Better Tires for Less Money....Oct.—124
Automated Information System....Oct.—164
Mapping Through Photogrammetry....Nov.—88

Month and page

CIVIL DEFENSE AND EMERGENCIES

Highways and a State of Readiness ..... May—66
A Boon to Motorists—Emergency Telephone System ..... Sep.—103
Darkness May Strike, But Not Drought ..... Nov.—126

URBAN TRANSPORTATION

Improving Transit Operations Through Traffic Engineering ..... Sep.—82
Public Transportation by Air Cushion Vehicles ..... Oct.—96
Looking Ahead at California's Transportation Needs ..... Oct.—147

LEGAL ASPECTS OF PUBLIC WORKS

Fluoridation of Water For Non-Residents ..... Jan.—134
Competitive Bidding Required for Towing of Vehicles ..... Jan.—134
Liability for Defective Sewer Planning and Installation ..... Jan.—134
New Hampshire Declines to Abolish Municipal Immunity ..... Jan.—134
Construction of Industrial Building Held for Public Purpose ..... Feb.—54
Grade Level of Street Changed Without Ordinance ..... Feb.—54
Sewer Condemnation Financed by Private Builder ..... Mar.—80
Accident Following Traffic Light Removal ..... Mar.—80
Utilization of Stream for Storm Drainage ..... Apr.—87
Lighting of Interstate Highways Within Municipal Corporation ..... Apr.—87
Public Good Advanced by Testing Society ..... Apr.—87
Sidewalk Fall: Notice of Injury Sufficient ..... May—70
Imprisonment for Failure to Pay Sewer Rental Charge Held Unconstitutional ..... May—70
Motorcyclist Injured After Sewer Work Completed ..... May—70
Public Employee Suspended for Newspaper Article ..... May—70
Improper One-Way Street Designation ..... Jun.—84
Jurisdiction of Garbage Removal: Sanitary District or Village? ..... Jun.—84
Installation of Undeground Telephone Cable Marker Signs ..... Jun.—84
City Held Not Liable for Damage by Sewer ..... Jul.—60
Weight Limitation on Residential Streets ..... Jul.—60
Public Alley Closed; Gas Lines Relocated ..... Jul.—60
Community Television Antenna Systems ..... Jul.—60
Removal of Snow or Ice From Sidewalks ..... Aug.—66
Tall Grass on Parkway Hides Hole from Pedestrian ..... Aug.—66
City Challenged on Asphalt Plant Purchase ..... Aug.—66
Municipal Contract Debt To State Agency Held Invalid ..... Aug.—66
Abolition of Governmental Immunity Doctrine Clarified ..... Sep.—74
City's Duty to Furnish Water for Fire Protection ..... Sep.—74
Sewer and Water Authority Held Immune from Tort Liability ..... Sep.—74
Action to Recover Cost of Relocating Water Line ..... Sep.—74
Public Works Contract and Minimum Wage Requirement ..... Oct.—88
Negligence Alleged in Programming Traffic Signal ..... Oct.—88
Incinerator Held Nuisance In Residential Area ..... Oct.—88
Yellow "Safety Stripe" Painted on Edge of Sidewalk ..... Oct.—88
Ban Against Political Signs Held Invalid ..... Nov.—30
Duty of City to Provide Safe Place to Work ..... Nov.—30
Sewage Treatment Plant Relocation is Challenged ..... Nov.—30
Condemned Building Ordinance Held Invalid ..... Dec.—66
Storm Sewer Installation Brings Contract Dispute ..... Dec.—66
Governmental v. Proprietary Functions of the City ..... Dec.—66
Sewer System Required To Abate Heath Hazard ..... Dec.—66

Month and page

ABOUT OUR COVER

Wilbur S. Smith ..... Jan.—1 & 18
Glen T. Kellogg ..... Feb.—1 & 18
Donald S. Berry ..... Mar.—1 & 19
Glen J. Hopkins ..... Apr.—1 & 18
Everett R. Kennedy ..... May—1 & 18
Robert L. Lawrence ..... Jun.—1 & 18
O. K. Armstrong, Jr. ..... Jul.—1 & 18
B. T. Van Wormer ..... Aug.—1 & 18
John M. Wray, Jr. ..... Sep.—1 & 18
David K. Speer ..... Oct.—1 & 18
Warren J. Cremean ..... Nov.—1 & 18
Victor A. Appleyard ..... Dec.—1 & 18

AUTHORS

Albertson, Lester M.—"Revamped Refuse Dump Draws Praise" ..... Jan.—88
Albright, Philip N. and Frazier, A. B.—"The Present Status of Phenol Waste Treatment" ..... Jun.—124
Antoine, Jr., Louis H.—"How a City Stretches a Dollar" ..... Sep.—146
